# Cap and Gown Session Guide

What to bring,  
what to wear,  
and locations!

---

# Class of 2023!

# what to wear...

One way to get the most out of your Cap and Gown session is to wear two outfits.

I suggest that seniors start with the outfit they are going to wear to the actual graduation ceremony under their gown. Usually this a more formal look; a spring dress or a tie and dress pants.

then....

change into something that represents where you are headed after high school!

Maybe a college t-shirt, a pair of scrubs, or a military uniform!

# what to bring...

Besides the obvious cap and gown, there are a couple of other things you will want to consider bringing to your session.

If you have earned any extra cords for academic achievement, or a stole for National Honors Society, for example.

# for fun.....

I always suggest you bring your kindergarten school picture as well! Moms love a shot that shows how much you've changed!

# location options...

Many students use their high school as the location for a Cap and Gown Session. Makes sense, right?

This is where you have accomplished amazing things for the last four years! It definitely isn't your only option though!

Local parks or

hot spots in

and around

the city of

Milwaukee are

great choices too! If you have a unique location in mind I would love to hear about it!

ready to book?

These sessions are so fun! Way better than the flash in your face, two second shot, you'll get as you cross the podium on the big day. I'm excited to offer these sessions for \$125 which includes 3 digital images and the option to purchase more. You can send me a private message on Insta or Facebook to grab your spot or fill out the contact form at [www.amandatinsenphotography.com](http://www.amandatinsenphotography.com)
